

NEDATM SAFE Vault Lid Lifter

**A NEW TOOL DESIGNED FOR SAFE LIFTING & HANDLING
OF UTILITY VAULT LIDS**

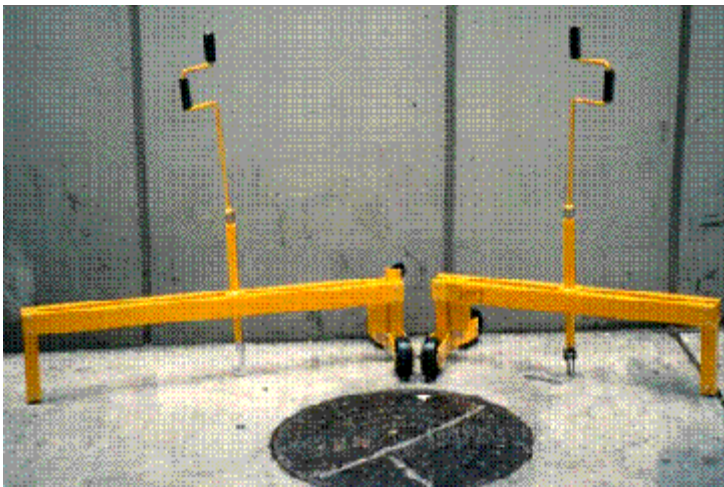

“This tool easily removed a vault lid that is normally wedged into the roadway so tightly that it bends the hook when removed by our usual method of truck power, lanyard and hook”.

**Ed Mecum, Network Crew
Chief
Seattle City Light
Seattle, Washington**

THE NEDA VAULT LID LIFTER IS ERGONOMICALLY DESIGNED & ENGINEERED To Prevent Injuries

- ⇒ **Eliminates Injury Causing Stress to the Back & Upper Extremities**
- ⇒ **Eliminates Heavy Lifting Requirements & Reduces Injury Risk**
- ⇒ **Easily Lifts Any Size Vault Covers Even When Severely Impacted**
- ⇒ **Portable and Easily Stored on Utility Trucks**
- ⇒ **Constructed of T-6 Lightweight Aluminum (Tool Weight 17 lbs)**
- ⇒ **Accommodates Multiple Vault Lid Designs**
